

# CALLING FOR THE BOLD

## CRITICAL CARE FELLOWS ONBOARDING PROGRAM

*Nationwide Careers*

### LAUNCH YOUR CRITICAL CARE CAREER

The Critical Care Fellowship Onboarding Program is a 12-month onboarding program track designed for physicians joining Sound's critical care team immediately after completing fellowship training. This advanced onboarding track provides a pre-start date introduction to Sound Physicians and regular meetings that provide a structured, focused, and deep-dive approach to learning the Sound way throughout the first-year transition from fellowship.

Sergio Zanotti, MD  
Chief Medical Officer,  
Critical Care

### PROGRAM BENEFITS

- Invitation to Sound's critical care training webinars before your start date
- Optional participation in program team meetings before your start date
- Focused meeting hosted by Sergio Zanotti, MD, Chief Medical Officer, fostering collaboration and sharing best practices with Sound fellows across Sound's critical care programs.

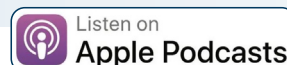

The Fellows Onboarding Program continues throughout the year. Fellows will complete an initial introduction call with Dr. Sergio Zanotti, Sound Critical Care Chief Medical Officer, following contract execution to learn more about the program and what lies ahead.

### CRITICAL MATTERS

By Sound Physicians

**CRITICAL MATTERS** is a podcast hosted by **Sergio Zanotti, MD**, *Chief Medical Officer with Sound Critical Care*. Each episode covers a specific clinical topic relevant to the practice of critical care medicine and includes thought leaders in the critical care field as guests.
