

## JOIN THE SOUND PHYSICIANS POST-ACUTE TELEMEDICINE TEAM!

***Deliver Innovative Telemedicine and Transform Patient Outcomes.***

Today, hospitals are discharging patients faster, putting more pressure on post-acute providers to treat sicker patients with complex medical needs. When you join our post-acute telemedicine team you will provide hospital-level physician services to these patients, and work remotely from the safety and comfort of your own home. Our telemedicine practice provides skilled nursing facilities and home health agencies 24-hour physician support to manage and treat sick patients outside of the hospital setting.

### **Our Post-Acute Partners Include:**

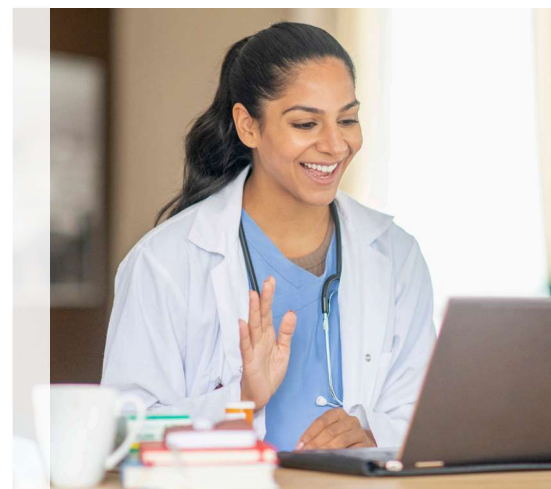

- Skilled Nursing Facilities
- Home Health Agencies
- National and Regional I-SNPs

### ***What Makes Us Different?***

In a market crowded with telehealth start-ups that put technology before practice, Sound Physicians is the only physician-led organization with a long history of value-based care experience and 20+ years of improving clinical outcomes for our hospital and healthcare partners nationwide. We built our post-acute telemedicine program with one goal in mind – keep patients on their path to recovery by providing hospital-level physician services in the SNF and at home.

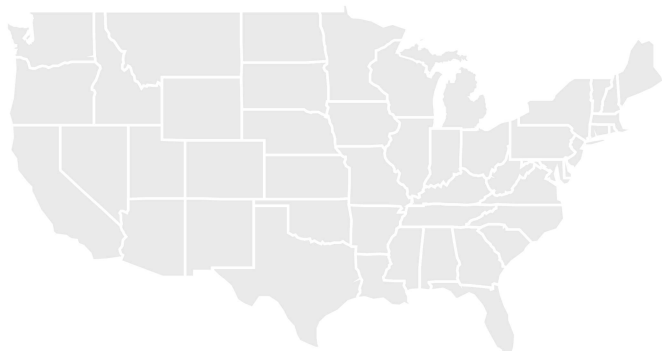

### ***Join a fast-growing, purpose-driven practice that fits your lifestyle.***

- Work remotely from any U.S. time zone
- Day or night shift, full and permanent part time opportunities
- 10 shifts per month qualifies for full time

### ***Professional Benefits***

- Professional liability coverage
- Full medical/dental/vision coverage
- Group funded 401(k) plan & retirement planning
- Student loan refinancing
- Hassle-free licensing and credentialing
- Leadership development opportunities

***Deliver Innovative Telemedicine and Transform Patient Outcomes.***

## WORK FROM HOME, BUT NOT ALONE

You will work with a small cohort of physicians, connected by a physician leader and supported by a dedicated quality improvement nurse, provider success manager, and dedicated staffing specialist. Your small team will also include an operations manager and exceptional support from our product and technology groups. We also provide:

- **Personalized onboarding**
- **Robust technology training**
- **Telemedicine specific education**
- **24/7/365 dedicated tech support**

*"I joined Sound because they gave me the chance to innovate the way we practice medicine by providing nursing home patients with hospital-level physician services delivered remotely. Every day we help keep more complex patients from returning to the hospital."*

— Adnan Lakhani, MD

*"My training with Sound Physicians has taught me how to make the patient feel comfortable with the technology and how to support the home health team. We can take care of high-risk patients at home, thanks to telemedicine."*

— Cecile Muehrcke, MD

*"We provide continuity of care, improve patient safety, and eliminate unnecessary hospital admissions. I think I've made a greater impact in my career with Sound Physicians' telemedicine than when I was going to facilities a few hours a day."*

— Chantal Walsh, MD, CMD

**TRANSFORM CARE WITH US.**
